This prosion is made, I suppose, because it is presumed that they are generally acherein, and are competent to assess it correctly, and when they do so, as they honestly believe, the Board of Comissioners should be fully satisfied by proper evidence or a knowledge themves of the land, that our valuation is nureasonably low, before they should Now was this done by the Board ? Is it not a fact that there was no sworn did they themselves have sufficient regular delegates to the Goldsboro knowledge of the value of the land to honestly say that the township trustees' valuation was unreasonably low? Or and they simply exercise an arbitrary power in making the assessment over our valuation greater? The people complain of this, not on the amount of tax levied on the hundred dollars value of the land, but of the increased assesments, thereby making the amount of taxes to be paid, much greater than before. I admit that the Board has the right to revise the assessment made township one hundred per cent., over until along in February, consequently the valuation of the township trustees. | the samples are so bad that, instead of
